Results-driven Cloud DBA / Database Engineer leveraging strong scripting skills to automate and optimize database operations in multi-cloud environments (OCI, AWS). Adept at managing mission-critical systems, ensuring high availability, and implementing solutions that improve efficiency and reduce operational risk.

## Certification and Achievements

[AWS Certified Solution Architect](#) – Associate (Valid till May 2027)

[Oracle Cloud Infrastructure 2023](#) Certified Foundations Associate (Valid till Nov 2025)

[Accenture ACE Award](#) – Recognized for outstanding individual contribution to the client

## WORKING EXPERIENCE

### Cloud Database Support Analyst | Accenture | Hyderabad

Aug 2023 – Present

- Managed Redis Cloud DB and Oracle databases (Exadata on OCI, DBaaS, and on-prem).
- Installed, patched, and upgraded Oracle databases across cloud and on-prem including version upgrade of Oracle DBaaS from 12c to 19c in OCI.
- Configured Oracle Data Guard; performed switchover, failover, and SCN-based recovery.
- Restored standby databases and resolved sync gaps with incremental roll-forward.
- Upgraded and migrated Redis clusters in production with zero downtime.
- Designed and implemented RMAN backup automation for all non-production databases, enabling scheduling, validation, and centralized monitoring through a common shell script.
- Automated DBA health checks and troubleshooting on Oracle Linux.

### Programmer Analyst – PeopleSoft & Oracle DBA | Cognizant | Pune

Aug 2021 – Aug 2023

- Performed database refreshes and Reorg.
- Applied WebLogic/JDK patches and handled SSL renewals.
- Automated admin tasks with shell scripting.
- Worked on Vulnerability Remediation (VIT) for database and application environments.
- Incident management and support.

## SKILLS

Oracle 12c/19c/21c, Exadata, DBaaS (OCI)  
Shell Scripting & Automation  
Cloud Platforms: OCI, AWS  
Incident Management & Troubleshooting

Redis, Data Guard, RMAN Backup & Recovery  
WebLogic, JDK Patching, SSL Management  
High Availability & Performance Tuning  
Technical Blogging

## ACADEMIC QUALIFICATION

Bachelor of Technology – Applied Electronics

Techno International New Town : KOLKATA

GPA : 8.01
